--

1. INTRODUCTION

On 25 September 2007, the European Parliament and the Council adopted Decision No 1149/2007/EC⁽¹⁾ establishing for the period 2007-2013 the Specific Programme "Civil Justice" as part of the General Programme 'Fundamental Rights and Justice', in order to contribute to the strengthening of the area of Freedom, Security and Justice over the period of 2007 - 2013.

2. SCOPE OF THE CALL

This call for proposals aims at selecting specific transnational projects of Community interest to be co-funded by the European Commission within the framework of the Specific Programme "Civil Justice". Projects have to involve at least two EU Member States, with the exception of Denmark (see Section 3).

All projects submitted must be within the scope of the Civil Justice Specific Programme (2007-2013) and will be judged against the criteria set out in this call for proposals.

The selected projects must enable progress to be made in attaining one or more of the four objectives of the Programme. Only new projects will be eligible for support; projects that have begun before the deadline for the submission of applications for funding will not be eligible for co-financing.

Ideally, the projects are expected to commence shortly after the award of a grant (most likely at the beginning of 2010) and they may have a duration of up to 24 months.

3. PROGRAMME OBJECTIVES AND PRIORITIES

The general priority for 2009 is the area of **e-Justice**. Emphasis will be given to support of best practices development through transnational pilot projects. Priority should be given also to projects related to the electronic application of the new adopted Community instruments (Regulations on small claims No 861/2007 and European payment order No 1896/2006 and the Directive 2008/52/EC on mediation). The following four types of projects can be supported, based on each of the four general objectives of the framework programme:

3.1 Projects aimed at promoting judicial cooperation in civil matters, with the aim of contributing to the creation of a genuine European area of justice in civil matters based on mutual recognition and mutual confidence.

Scope:

Projects with this objective may consist of studies and research (including development of IT projects) or meetings and seminars, or a combination of them. Projects can cover any topic in the area of judicial cooperation in civil matters.

¹ OJ L 257, 3.10.2007, p. 16

Priority will be given to projects focusing on the following topic:

Encouraging the development and use of electronic tools in the context of justice and on the basis of exchange of best practices. All projects will have to show how they contribute to the improvement of interoperability at European level. Such projects could relate to support to translation and the use of video-conferencing technology for communication in cross-border proceedings; networking of public registers (e.g. insolvency registers or land registers or registers of wills or civil status registers); development of e-Signature in the justice field, development of paperless procedures and creation of databases with national legislation and/or case law of the Member States relevant for the application of mutual recognition and enforcement of judgments instruments. Particular priority will be given to measures supporting the creation of an on-line network of registers of wills for those states which have, or wish to have, a register of wills.

3.2 Projects aimed at promoting the elimination of obstacles to the good functioning of cross-border civil proceedings in the Member States

Scope:

Projects with this objective may consist of training, studies, exchanges between judicial authorities and work experience placements, meetings and seminars, or a combination of these activities.

Priority will be given to projects related to e-justice, succession and wills and enforcement of decisions.

3.3 Projects aimed at improving the daily life of individuals and businesses by enabling them to assert their rights throughout the European Union, notably by fostering access to justice

Scope:

Projects with this objective may consist of dissemination of information.

Priority will be given to projects focusing on information for citizens on access to justice in situations involving two or more Member States, in particular by the means of e-justice.

3.4 Projects aimed at improving the contacts, exchange of information and networking between legal, judicial and administrative authorities and the legal professions, including by way of support of judicial training, with the aim of better mutual understanding among such authorities and professionals

Scope:

Projects with this objective may consist of training, studies and research, meetings and seminars, or dissemination of information, or a combination of these activities.

Priority will be given to projects consisting of:

- training to develop the use of e-Justice tools regarding electronic communication between judicial authorities, legal practitioners and parties to proceedings;

- training for practitioners of justice in Community legislative instruments adopted on the basis of Article 61(c) of the Treaty establishing the European Community²..
- training for the judges and the central authorities referred to in the parental responsibility Regulation (new Brussels II Regulation)³ on the operation of that Regulation in relation to their judicial cooperation functions;
- training for practitioners of justice in mediation techniques.

NOTE:

In 2009, the European Commission is seeking proposals for projects that address the priority areas described in this call. However, these priorities are merely indicative and projects submitted outside these priority areas will be considered on an equal footing.

- **Origin:** they are based in one of the Member States of the European Union (with the exception of Denmark)⁴;

Target group: The participants and/or target group for the projects should be legal practitioners (including judges, prosecutors, advocates, solicitors, notaries, academic and scientific personnel, ministry officials, court officers, bailiffs, court interpreters and other professionals associated with the judiciary in the area of civil law), national authorities and citizens of the Union in general.

NOTES:

Applications from natural persons (private individuals) are not eligible.

The Programme is also open to the participation of organisations from acceding and candidate countries associated to the EU and the Western Balkan countries, but specific conditions for these countries must first be met before they can be funded (i.e.: these countries must have signed a memorandum of understanding in order to participate in the Programme and must have contributed to the Budget of the European Communities). Under this call the specific conditions **are not met** and organisations from these countries therefore cannot apply (but they can be involved in project proposals of other applicants as associate partners on a non-funded basis, see below).

If, before the deadline for submission of proposals, the required conditions are met by any one of these countries, a notification will be placed on the Civil Justice website informing applicants that organisations from such countries can participate as applicants.

Projects may also involve organisations (on a non-funded basis) from Denmark and from countries not participating in the Specific Programme "Civil Justice" as associate partners.

❖ **Partnership (if applicable)**

If the proposal is submitted by a partnership (applicant plus one or more partners), the organisation coordinating the project (applicant) will be required to put together a team of partners/associate partners (see below for the definition of these terms).

There must be only one grant application per project, and this should be presented by the coordinating organisation.

❖ **Applicant ('the beneficiary')**

The applicant organisation (coordinating organisation/lead organisation) is responsible for the project application to the Commission. If a grant is awarded, this organisation will be responsible for overall management of the project, coordination of the tasks, liaison with the Commission and management of the budget.

NOTES:

Potential applicants may not participate in calls for proposals or be awarded grants if they are in any of the situations listed in the Article 93(1) and 114 of the Financial Regulation of the

⁴ For the purposes of this point, the term "Member States" shall mean Member States with the exception of Denmark since, as mentioned in Recital 19 of the Decision n° 1149/2007/EC, Denmark did not take part in the adoption of the aforementioned Decision and is therefore not bound by it or subject to its application.

European Communities, and section 5.1 of the Call for Proposals. The "Declaration regarding exclusion criteria" is an obligatory part of the application and must be completed and signed by the applicant's legal representative.

An applicant may apply for support for several separate projects. In this case, separate applications should be submitted. Only one application is required for each project. In case more than one project is selected for funding, the applicant must demonstrate its technical and financial capacities to implement all of its selected projects. Applicants selected as the project coordinators may also participate as partners (co-beneficiaries) in projects submitted by other organisations.

❖ **Partners ('co-beneficiaries')**

Partners may be the organisations and institutions eligible for EC funding which, in cooperation with the applicant (coordinating organisation), implement project activities as described in the grant agreement. The coordinating organisation and the partners share the relevant tasks and finance. Consequently, they must all be from countries eligible for the Specific Programme 'Civil Justice' at the time of submitting the application. Applicants' partners participate in the designing and implementing the action, and the costs they incur are eligible in the same way as those incurred by the grant beneficiary.

IMPORTANT NOTE: Once the grant agreement has been signed, each partner will be considered as a co-beneficiary. The coordinating organisation (the applicant) will receive funds from the European Commission and will distribute them among the partners (the co-beneficiaries), as appropriate.

❖ **Associate partners**

Associate partners are not eligible for EC funding. Organisations from any third country may participate in project activities as associate partners.

IMPORTANT NOTE: the following types of action will not be funded by the Commission:

- actions concerned only or mainly with individual sponsorships for participation in workshops, seminars, conferences or congresses;
- actions concerned only or mainly with individual scholarships for studies or training courses;
- actions concerned only or mainly with the daily functioning of the applicant or its partners;
- actions supporting individual political parties;
- actions through which the beneficiaries use the budget of the project to award grants under their own procedures and authority to third parties.

5. EVALUATION OF PROPOSALS

The submitted proposals will be evaluated against exclusion, eligibility, selection and award criteria.

5.1 Exclusion criteria

Potential applicants and partners may not participate in calls for proposals or be awarded grants if they are in any of the following situations:

(a) they are bankrupt or being wound up, are having their affairs administered by the courts, have entered into an arrangement with creditors, have suspended business activities, are the subject of proceedings concerning those matters, or are in any analogous situation arising from a similar procedure provided for in national legislation or regulations;

(b) they have been convicted of an offence concerning their professional conduct by a judgment which has the force of *res judicata*;

(c) they have been guilty of grave professional misconduct proven by any means which the contracting authority can justify;

(d) they have not fulfilled obligations relating to the payment of social security contributions or the payment of taxes in accordance with the legal provisions of the country in which they are established or with those of the country of the contracting authority or those of the country where the contract is to be performed;

(f) they are currently subject to an administrative penalty referred to in Article 96(1) of Council Regulation (EC, Euratom) No 1605/2002 of 25 June 2002 on the Financial Regulation applicable to the general budget of the European Communities, as amended by Council Regulation (EC, Euratom) N° 1995/2006 of 13 December 2006 (OJ L 390/2006 of 30 December 2006) and Council Regulation (EC, Euratom) N° 1525/2007 of 17 December 2007 (OJ L 343/27.12.2007, p.9), due to having been guilty of misrepresentation in supplying the information required by the contracting authority as a condition of participation in another grant or procurement procedure or failing to supply this information or due to having been declared to be in serious breach of their obligations under contracts covered by the budget;

(g) are subject to a conflict of interest;

(h) are guilty of misrepresentation in supplying the information required by the contracting authority as a condition of participation in the grant procedure or fail to supply this information.

5.2 Eligibility criteria

Proposals will be declared ineligible if they do not respect one of the following criteria. If a grant application is declared ineligible, it will not be considered for evaluation.

(a) Applicants must **respect the deadline** for the submission of the applications. The applications must be submitted at the latest on 15 October 2009;

(b) Only proposals submitted on the **standard forms** signed and accompanied by the annexes required in the Section 7.2 of this call for proposals will be taken into account. Any alterations made to the form will disqualify the application.

(c) The form must be completed in one of the official languages of the EU and must be signed by the person authorised to enter into legally binding commitments on behalf of the applicant.

(d) The Community grant applied for must be **lower or equal to 80% of the total eligible** cost of the project and be between EUR 75.000 and 500.000. The applicant must provide written proof, through the signed budget form and/or the Partner

Declaration(s) and/or the Co-financing Declaration(s), (where applicable), that it has secured co-financing of at least 20% of the total eligible costs of the project;

- (e) The applicant must submit budget estimates in **Euro**, in which revenue and expenditure are in balance;
- (f) The applicant and partner organisations must **be eligible** to participate in the Specific Programme "Civil Justice" (legal status and country of origin, see section 3). Projects may be submitted by institutions and public or private organisations, including professional organisations, universities, research institutes and legal and judicial training institutes for legal practitioners, international organisations and non-governmental organisations of the EU Member States, with the exception of Denmark (see section 4);
- (g) Projects must contribute to the **achievement of one of the four objectives** of the Specific Programme "Civil Justice" 2007-2013;
- (h) Projects must **involve at least two eligible countries** (two EU Member States with the exception of Denmark or an EU Member State with the exception of Denmark and a candidate / acceding country eligible to participate in the actions of the Programme)⁵. Projects may also associate practitioners from Denmark or from non-member countries not participating in this framework for activities, where this serves the aims of the projects;
- (i) The target group: The participants and/or target group for the projects should be legal practitioners (including judges, prosecutors, advocates, solicitors, notaries, academic and scientific personnel, ministry officials, court officers, bailiffs, court interpreters and other professionals associated with the judiciary in the area of civil law), national authorities and citizens of the Union in general.;
- (j) Projects may not consist of the following actions:
 - actions concerned only or mainly with individual sponsorships for participation in workshops, seminars, conferences or congresses;
 - actions concerned only or mainly with individual scholarships for studies or training courses;
 - actions concerned only or mainly with the daily functioning of the applicant or its partners;
 - actions through which the beneficiaries use the budget of the project to award grants under their own procedures and authority to third parties.
- (k) Projects **cannot last more than 24 months**.

5.3 Selection criteria

⁵ Project proposals may be submitted by an entity/entities from a single Member State (except Denmark), insofar as the project proposed has a transnational dimension (i.e. foresees significant involvement of entities or individuals from at least 2 Member States, with the exception of Denmark).

The selection criteria will be the basis for assessing the applicant's ability to complete the proposed activity programme. The applicant must:

- have the **operational capacity** required to complete the proposed action (assessed on the basis of CVs of the key staff involved in the project, the activity reports and other documents submitted by the applicant as evidence of its know-how);
- have the **financial capacity** to implement the proposed action (assessed on the basis of the applicant organisation's financial results in previous years and of the resources available to it for co-financing the project and for financing all project-related expenditure up to payment of the Commission's contribution). This requirement is not applicable to public bodies.

Only proposals which satisfy the selection criteria will be further examined.

5.4 Award criteria

Only proposals meeting the selection criteria described above will be subject to in-depth evaluation. The evaluation will be carried out according to the following criteria. Each criterion will be assessed against the maximum number of points indicated below, the maximum total for all the award criteria together being **100 points**:

- a) Relevance to the programme's objectives and complementarity with other Community activities, avoiding duplication or overlap with projects funded by other Community programmes. Capacity of the project to attain the relevant Programme objective, particularly in terms of the relevance of the expected results and practical impact. **(15 points)**
- b) Quality of the proposed action in terms of its design, organisation, presentation and expected results. **(30 points)**
- c) Amount requested for Community financing in terms of its appropriateness in relation to expected results. **(15 points)**
- d) Geographical scope of the project in terms of partners, participants and target group and/or its added value at European level. **(15 points)**
- e) Sustainability of the project, i.e. likely impact of the expected results, measures planned for the dissemination of the results and to ensure adequate follow-up of project outputs. **(25 points)**

In order to be taken into consideration for the award of a grant, project proposals must achieve a total score of at least 60 points.

Where a single applicant submits several applications for separate projects, the Commission reserves the right to select only one project from each applicant.

Once the evaluation procedure is completed, including receipt of the Programme Committee's opinion and the Commission's decision, the Commission will inform each applicant of the final decision taken, including reasons for rejection, and of the next steps. The Commission will then set in motion the procedures necessary for preparation of the grant agreement (including dialogue with the applicant concerning any necessary technical and financial adjustments as well as procedures relating to expenditure commitments).

6. BUDGET AND FINANCIAL ASPECTS

6.1 Budgetary information

In 2009, the indicative budget available for specific transnational projects is 4.450.000⁶ of which 1.000.000 Euros should in principle be devoted to the co-financing of projects aimed at improving the functioning of the European Judicial Network in civil and commercial matters (assuming availability of eligible proposals following this objective).

The minimum amount for a grant is €75.000; project proposals requesting a grant of less than €75.000 will be considered ineligible. The maximum grant that can be awarded is €500.000; project proposals requesting a higher amount will be considered ineligible.

6.2 General provisions

○ The Community's financial contribution may not exceed 80 % of the total direct eligible costs of the action; proposals requesting more than 80% of eligible costs will be considered ineligible. A minimum of 20 % of the total eligible costs must therefore be provided as co-financing, either by the applicant organisation and/or partners (co-beneficiaries) if applicable, or by another donor. Evidence should be provided by the applicants that the funding is secured⁷, and the applicant must submit budget estimates in Euro, in which revenue and expenditure are in balance. The rules on eligible costs are described in the standard grant agreement. Contributions in kind are not accepted as co-financing.

○ Project funding is based on the principle of shared costs. If the amount awarded by the Commission is lower than the amount requested by the applicant, it is the responsibility of the applicant to find the additional amount required or to reduce the total cost of the project.

○ Commission grants are attributed for non-commercial purposes only and projects must be strictly non-profit making.

○ Co-financing of a project under the Programme cannot be combined with any other co-financing by another programme financed by the budget of the European Communities.

○ As a general rule, selected projects will begin once the grant agreement is signed by both parties or on an agreed specific date given in the agreement. Expenditure is eligible from the date given in the grant agreement. Any costs incurred before the agreement is signed are at the risk of the applicant and may not be eligible.

○

○ Recommendations to award a grant are always subject to the condition that the checking process which precedes the signing of the agreement does not reveal problems requiring changes to the budget. The amount of the grant and the percentage of co-financing as a result of these corrections may not be increased. It is therefore in the applicant's interest to provide a realistic and cost-effective budget with their grant application.

6.3 Payment procedures

⁶ Subject to the adoption of the amended Commission Decision on the 2009 annual work programme for the specific programme "Civil Justice" serving as a financing decision by the end of the deliberations of the evaluation committee (otherwise the indicative budget available is 4000 000 EUR).

⁷ secured in the sense of being pledged by the applicant, a partner or any donor (in writing through the co-financing declaration form, or through signature of the budget form when it comes to co-financing provided by the applicant himself) with the sole condition of obtaining a grant under this call for proposals. Any additional condition will render the contribution "unsecured". For co-financing from public authorities, an additional condition of compliance with the relevant national budgetary regulations may be accepted.

- As a general rule, the grant is provided in two instalments: a pre-financing payment on signature of the grant agreement, and the balance on receipt and approval by the Commission of the final report and final financial statement of the project.
- An advance payment of 70 % of the Commission's contribution will be paid within 45 days of the signature of the grant agreement. The balance will be paid once the Commission has accepted the final report and financial accounts.
- At the time of payment of the balance, the amount granted will be proportionate to the eligible costs of the project and will be reduced proportionally where the total eligible costs turn out to be lower than the total estimated costs.
- Sums due shall be paid by the Commission within no more than forty-five calendar days for the pre-financing and ninety calendar days for the final payment. On expiry of the time-limit, the creditor shall be entitled to late payment interest.

7. PRACTICAL INFORMATION ABOUT SUBMITTING AN APPLICATION

7.1 Deadline for submitting applications

Applications have to be submitted electronically via the Priamos system by **15 October 2009, 12:00 CET**. The Priamos system will not accept any application after the deadline. Applications submitted after the deadline will be automatically rejected.

Applicants should make sure that all electronic files are readable and are not corrupted and that their applications are complete.

In the case of multiple submissions (repeated submission of the same project proposal by the same applicant), only the latest submission will be considered (and therefore must be complete, i.e. contain all the elements mentioned in section 7.2 below). No applications (partial or whole) sent by fax, e-mail, registered mail, courier service, hand delivery, or any other way will be considered.

Following the conclusion of the selection process, applicants placed sufficiently high on the merit list to be considered for a grant may be requested to provide a paper copy of the application (printed out at the moment of submitting it via the Priamos system) and the originals (signed and stamped wherever applicable) of all annexes required under the call for proposals. Failure to produce any of the aforesaid documents will lead to disqualification of the project proposal concerned.
